

Self-declaration of income and wealth

First name

Family name

DUF number

You will find the rules concerning financial assistance and appendixes with all the benefits in '[The regulations concerning financial assistance to persons in state reception centres](#)' (the financial assistance regulations).

The Directorate of Immigration (UDI) only provides financial assistance if you do not have independent means of support. If you have income and/or assets, this means that you have full or partial means of support. In such case, you will not receive financial assistance, or we will reduce the amount in proportion to how big your income and/or assets are. If you have earned income above a certain amount, you will also be charged rent.

You must inform the reception centre that you have income or assets

To enable us to give you the correct financial assistance, you must inform the reception centre that you have income or assets. You can do that by signing this self-declaration form. The information will only be used to calculate your financial assistance.

Present documentation

You must present documentation that you still meet the requirements for receiving financial assistance when requested by the reception centre. If you do not present the documentation required by the UDI, your financial assistance will be stopped

You must present the following documentation

- a copy of your most recent pay slip if you are in paid employment
- a copy of your employment contract if you are in paid employment
- a bank statement showing the balance of your account for the last month, if you have a Norwegian bank account
- a transcript from the tax authorities of your tax settlement for the previous year
- an overview from the Norwegian Labour and Welfare Administration (NAV) of any social security benefits you have received during the last 12 months.

Self-declaration

I understand the contents and importance of the self-declaration and have provided correct information to the best of my abilities.

I have provided information about any disposable wealth and/or income to the reception centre. If I receive assets and/or income during the period I stay at the reception centre, I have a duty to inform the reception centre about this, and to obtain the required documentation. The same applies if there is a change in my income and/or wealth

I am aware that I can be reported to the police if I deliberately provide incorrect information or withhold information about my income and/or wealth.

I am aware that I can lose the financial assistance or that it can be reduced if I provide incorrect information or withhold information about my income and/or wealth.

Date

Signature of the asylum seeker

Signature of the reception centre employee
